23:24:22 @anetq hvad med at flytte? (ej vi må skynde os at blive sjove, det er jo ved at være sent for en Søndags Sceance)

23:25:33 @anetq (der findes mange der ved noget om den slags, jeg foretrækker at betale for mit indhold, @wendelboe er et godt bud...)

23:31:13 @anetq næh det gjorde du ikke, sry :- ) - kom nu vær nu sjov...

- 14:54:22 @QuintusDK 13 minutes, if the 256kb is k/byte/s otherwise multiply by 8
- 15:01:21 @QuintusDK so 106 minutes ETA, aka 1 hour 45 minutes, in case of perfect packages and speed (illusion :-)
- 15:05:37 @QuintusDK yes 1 byte = 8 bits so 200MB = 200 \* 1024 KB divide that by 256 and multiply 8 because it's 256 bit/s not byte/s

- 08:09:56 Today is obviously a point in time that contains some sort of cosmic significance. OTOH, it could just be an amazing coincidence...
- 08:12:20 ...and what I meant by "that" was: Congratulations to @anetq, @novemberborn and <http://www.sporado.dk>
- 08:50:08 What a beautiful day, little fluffy clouds with a pink/grayish tan #novemberlove

- 09:01:55 @QuintusDK actually the pink disappeared just as I was tweeting about it, it might also have helped that I had a song by The Orb on my mind

- 19:49:51 @sondergaard that as well, but the #Kindle isn't that closed, and I have this idea that the #Nook will be more complicated to set-up...
- 20:08:36 @sondergaard it sure is - the next couple of years will be very interesting

## December

Tuesday, 1st of December.

- 02:51:43 @AllThingsGwen de nada grl!
- 02:53:37 "Fagotisten"! - hvorfor lyder det SÅ forkert :-)
- 02:56:40 @AllThingsGwen you can do what you want ;-), but I suggest that you try to keep it to max. two posts a day, evening and lunch maybe
- 03:10:47 It IS a FUN game - but are there any winners? ps looking forward to Christmas
- 03:45:25 Som forudset blev @boelgendk ramt af "Godwin" - antager at kombatanterne kender hinanden i forvejen - foreslår at der kommer to sektioner
- 04:21:00 @AllThingsGwen great post! I like your theme, you should change the blogroll (links) from the default to something more "Gwen" ;-)
- 04:29:50 @boelgendk glæder mig til fredag, og det er nok en god idé at relancere - jeg foreslår to sektioner ;-)
- 05:00:33 RTHnx @coffeebike - btw! In what way are you setting up shop in "The House for Entrepreneurs"?
- 05:44:32 Fatter IKKE at jeg gad fodre en trolde på @boelgendk - det er bare svært fristende at smide dem lunser. Forventer i øvrigt at blive ignoreret
- 06:10:34 Just downloaded my first book from Google Books, seemed fitting that it should be this:

### January

Friday, 1st of January.

- 20:00:45 Monica Belluci og Cathrine Deneuve eller @ninajansen? Tror sgu' vi prøver at se #xfactordk for første gang :-)
- 20:28:04 @kmdk ja, havde det på helt samme måde, tror nu ikke Holger Bech selv opfattede det sådan #xfactordk
- 20:43:08 @hammerfar ifører mig mit "@hammerfar til fire" kostume, og skal måske også prøve at skifte til "the final hairdo I'll ever wear"
- 20:47:28 Synes det var fedt med lidt attitude, men det var spild af tid at give hende en ekstra chance, de havde jo bestemt sig #xfactordk

- 01:10:37 @yanieahhstarr @Patrick\_Biales is clearly a #twobot that needs some tweaking, you used the french slang for cops (flicks) in a tweet...
- 01:12:16 @yanieahhstarr (so it's just a stupid bot, and it just told you (and me ;-)) to let the police do their work)
- 01:19:53 @yanieahhstarr indeed! btw the french word for cop is flic not flick - expecting another hit from the bot now...
- 10:16:39 @infonauten det ville være vildt! Nød i øvrigt komiks.dk for to år siden, specielt debatten om Sci-Fi. Fantastisk at de har øksnehallen i år
- 10:24:20 @Kahrzdn SYYYYGT nok!

- 11:13:52 @tveskov (ah ok, så to da, nummer 1 ser ud til at være en mand, på trods af DMB fetish, men ikke mere end at han har en beskyttet profil...)

- 23:11:16 @sexolog manual til twitter? Den "manglende" manual hedder #twitterbogen: <http://twitterbogen.dk/> Men ellers bare gør som os, eller hmm ;-)
- 23:20:39 @hammerfar tjah, tjoh, opdagede at de scener jeg sov i gennem sagtens kunne tåle det. Avatar er stadig fantastiske, men tomme, kalorier
- 23:21:50 @sexolog at du har opdaget "reply/mentions" betyder at du allerede er nået længere end de fleste ;-)
- 23:24:05 @sexolog hashtags gør det lettere at søge på bestemte ting. Typisk bruges det til at samle tweets fra konferencer som f.eks. #cop15
- 23:26:09 @sexolog (og her ser vi også "problemet" med hashtags, fordi jeg nu skrev noget der IKKE var relevant for COP15, det var hashtag-spam)
- 23:27:13 @sexolog (det er OGSÅ styrken, twitter er nemlig dejligt anarkistisk, men det er under "brugernes beskyttelse" frihed under ansvar!)
- 23:38:21 svarede ja til at "slette originaler", men jeg er stadig på billederne...

- 09:06:02 @karinhoegh (ud fra navnet på funktionen, gætter jeg på at det en funktion der "santiser" input, "laver HTML om til noget andet")

Monday, 4th of January.

- 00:26:41 @anetq lyder fornuftigt, omend kedeligt. Selv er jeg vist 17, men med den hastighed jeg ældes på nu, når jeg 48 om ca. 11 måneder

- 01:17:30 @anetq og jeg ville heller ikke have tænkt mig at blive det...
- 01:36:03 (it IS true that climate change is happening, as documented by James Balog, but the CO2/Temperature correlation IS not THAT clear)
- 01:38:31 (OTOH, if it help us stop using fossile fuels, I don't really care if it's based on truth or not, CO2 is the WMD of the war on polution)
- 01:44:34 WOW! DR-K viser OGSÅ "I Sandhedens Tjeneste" - gad vidst om det overhovedet holder (jeg sætter mine penge på at det gør...)
- 02:05:49 @barklund thanks for an inspiring, and disciplined, initiative. Let's make 2010 the year of the "tapas" (not talking about food ;-))
- 02:22:43 @anetq ja, det ringer en eller anden klokke
- 02:42:53 Is in love with 365 Social Ideas from @Barklund <http://www.barklund.org/blog/365ideas/> - get involved ppl/tweeps!
- 02:49:29 @moltke thanks for sharing, HAVE to try that sometime! #greenroom

- 03:07:33 @ChristianBech dit indre billede af #twulefrokost er forkert, der er tale om en #mixpack - geeks er ikke hvad de var i 80erne
- 03:13:06 @ChristianBech (som det fremgår har en del af os klare "obese" træk, som også @anetq har bemærket...)
- 03:24:59 @moltke I changed my mind, and had deleted that tweet ;-). The problem is that many of the ideas, as @barklund said himself, aren't original
- 03:27:04 @moltke and that was what I meant, then I remembered that I have a CC license on my own blog, and why it should be respected, which it isn't

- 13:44:01 @hammerfar "HT bygningen" overgår da metroen i æstetik, jeg håber virkelig at man tager sig sammen og ikke laver mere "Germania" arkitektur
- 13:48:05 @infonauten jeg arbejder (læs: jeg er på orlov, og har fri til andet, og værdifuldt, arbejde, som i høj grad omfatter twitter)

- 15:14:55 @mortensax min, begrænsede erfaring, siger at det IKKE sker. Hmm. fandt Stallman egentlig en significant other, eller gav han op?
- 16:08:03 @monggaard WOW! Virkelig! <3 Tardi og Adele, har du links? Ville nu ønske at nogle, helhjertet, tog fat i filmatisering af Moebius
- 18:32:09 @AndersNejsum Giraud var involveret i en CG-animationsfilm, der ikke blev til noget. Det oprindelige Dune projekt ville have været tæt på
- 18:37:41 @twillumsgaard det er på nu, og det bedste sted at se det er lige her:  
<http://www.dr.dk/tv/live#/DR%20K>
- 18:50:55 @AndersNejsum antager at du har set dokumentaren Moebius:Redux hvor han kalder Lucas en "begavet amatør". Dune=>Alien og Star Wars
- 19:01:12 @AndersNejsum jeg er jo MEGA-fan, men jeg elskede den, og forstår hans univers bedre.nu. Moebius "kommer fra" syretrips i Mexicos ørken!
- 19:09:14 @monggaard Tak! Glæder mig, frygter den også. Er mere rolig nu, det fremgår af teaseren at Besson lægger vægt på at det er Tardis baby

<http://www.jpl.nasa.gov/news/news.cfm?release=2010-001>
- 19:47:17 @boab tak for info. Bemærk i øvrigt at vi taler om en, ikke realiseret, Dune film, med Jodorowsky, Giraud/Moebius og Geiger som kreative
- 19:52:25 @AndersNejsum ja Difool er jo totalt mainstream i Moebius, det bedste ville være hvis Moebius fik frie hænder til at lave sin animationsfilm
- 19:53:28 @AndersNejsum (Avatars succes sender jo nok investorene på jagt efter grydeklare projekter, så måske der er en åbning for Moebius her)
- 19:59:59 Øh, det var da en underlig drejning DR2 Udlands omtale af 3D i spil tog, åbenbart skal man nævne Google og Apple i tech-reportager :-(
- 20:03:26 @rankenberghæh, er bare busted ud af #twehab. Den ikke realiserede Dune film ville have været vild, Alien blev bygget på smulerne
- 20:05:44 @boab der er ret meget om den glippede Dune film i den tidligere linkede dokumentar Moebius Redux: <http://bit.ly/4tbiKT>
- 20:06:12 @roaldhojmark bring it!
- 20:24:13 @roaldhojmark ja, stavemåden
- 20:40:47 @jpenti thanks dude :-)
- 20:47:41 @sexolog det bliver billigt, jeg er vegetar, så en krads er kan gøre det :-)
- 20:54:50 @AndersNejsum og så fandt jeg denne gamle Wired artikel om Moebius - "Airtight Garage" var tæt på produktion i 1994 <http://bit.ly/4BTKv8>

- 21:28:40 @jpenti versionsnumre kan bruges bredt, med "print"-medie skal man nok passe på, 0.1 var Guttenberg, 0.2, sættemaskinen, 0.3 Internettet

Tuesday, 5th of January.

- 05:29:47 @barklund hoping that you can keep the energy! I'm already impressed by your ideas, and how they fit in with some of my own...

- 05:32:29 @barklund ...but it's difficult to brainstorm asynchronously, and my tendency to open ideas and take them in different directions...
- 05:34:33 @barklund ...can be a bit (understatement) distracting. Will try to take my brainstorming away from your blog, but keep commenting

- 07:07:09 WordPress - et monsterhack når folk prøver at bruge det til "hjemmesider" - guys and grrls: det er et blogværktøj!!
- 07:15:05 @risager ved det godt. Nu har jeg bare set to eksempler på hvordan det ikke skal gøres , og er "lidt" træet
- 07:17:20 @risager problemerne jeg ser skyldes fejlbehæftede plug-ins og "smarte ting og sager" i temaer, som kræver viden om HTML og programmering
- 07:18:01 @risager jeg har tænkt mig at dele løsningerne
- 07:46:09 @AndersNejsum der fandtes tidligere et website med billeder osv., jeg har svært ved at finde information om det nu

- 07:51:44 And even more Moebius from duneinfo.com <http://bit.ly/7jiUpg>
- 09:05:24 @infonauten det er rigtigt, men er det velegnet til det? Problemet er ofte plug-ins der ikke overholder W3C standarder.
- 09:11:52 @infonauten ja, det hedder HTML ;-), er fan er letvægts template biblioteker som Django. Er i øvrigt tilfreds WP bruger siden 2005 ;-)

- 09:27:43 @infonauten naturligvis har du det, elsker sådan set WordPress , men foretrækker at skrive offline med brug af ecto klienten og XML-RPC API

- 09:34:50 @infonauten (indholdstjenesten KUNNE, iøvrigt, være baseret på WordPress...oh well denne diskussion kan jeg måske tage med @barklund)
- 09:38:45 @infonauten ikke nødvendigvis, bare at bruge gode gamle dyder og at have en (service) arkitektur. WP har INGEN arkitektur

- 22:34:07 @marks (focus on HTML and CSS, and put jQuery on the backburner, and get inspired by projects like this: <http://www.jqtouch.com/>)
- 22:41:42 @lars must admit that my labeling of jQuery as hard, is based on 2 year old intel. Frankly I think that Yahoo UI is much better (documented)
- 22:45:56 @marks sure is, but just realise that it will involve some understanding "real" programming. I

know you can do it, make us proud :-)

07:50:05 Well-written post on copyright, twitter "lynch-mobs" and Bono by Krist Novoselic  
<http://bit.ly/8ozcYM> (via. @ajkeen)

07:54:31 I mostly agree with Novoselic, but I don't like the trashing of free material, much IS high-quality old material that don't generate revenue

08:02:37 Very cool music video concept! You can be in C-Mon & Kypski's music video if you have a webcam: <http://OneFrameOfFame.com> #ofof (via @bachk)

08:31:32 @doodletweet tak for tippet! fin fin tjeneste i øvrigt (thumbs up)

08:45:11 Fik ikke set Deadline i går, men SFs Karina Lorentzen gik åbenbart ned i flammer, skudt ned af Jacob Mchangama fra CEPOS

09:00:17 Still loving the 365 Social Ideas by @barklund. I'll go ahead analysing this idea: Twikicatalyzer

09:12:09 @jesperdahl jep, prøvede det, men af en eller anden grund virker DRs embeddede player slet ikke i dag, venter på Podcasten

09:13:35 @jesperdahl (virker ikke hos mig that is - bruger det der Mac hejs - underligt, det plejer da at fungere)

09:25:49 @flugge jeg har en, ikke billig, laserprinter fra Epson, der virker med OS X (10.5), så de har styr på det (ikke prøvet på 10.6)

09:28:31 @hammerfar ahem, you mixed them up, it's  $\phi$  (phi) and  $\pi$  (pi).  $\phi$  is not used to denomintate a "constant", but is often used in geometry...

09:34:40 @hammerfar ...for instance in the spherical coordinate system  
[http://en.wikipedia.org/wiki/Spherical\\_coordinates](http://en.wikipedia.org/wiki/Spherical_coordinates)

09:37:12 @hammerfar (since angles are measured in degrees or radians this means that this holds true  $0^\circ \leq \phi < 360^\circ$  ( $2\pi$  rad))

09:47:33 @hammerfar øh, nej - i givet fald var det i lærte forkert, men sådan er det jo med det meste af det man lærer i skolen...

09:53:28 @hammerfar (assuming that you're doing som GPS stuff, and need to brush up on geometry)

10:16:01 Just signed up for MobileMonday Copenhagen Mobile Premier Award 2010. Was worthwhile in 2009. <http://bit.ly/7Qi1rp>

- 09:38:32 @UffeStenstrop hmm, det ser jeg faktisk som en ulempe
- 09:38:43 @MarcusMunch og du kan godt følge min pointe, ikos? Altså de kunne IKKE engang have klimpet Wonderwall på en guitar da de fik kontrakt
- 09:41:07 Now we know why SysOps are so reluctant to reboot. "Admin Mourning" <http://xkcd.com/686/#xkcd>
- 09:43:07 . @BoelgenDK er tilbage i fin form efter Juleferien med "Seks & The City", godt gået WaveWiceWært @tveskov
- 09:51:54 @MarcusMunch men var Sex Pistols musikere? Retorisk spørgsmål, ved det godt. ps opgave guitaren i 1981, men tror sgu' jeg begynder igen
- 09:52:49 @MarcusMunch (bliver dog næppe "musikker", i forstanden kunstner, af den grund . og selv om jeg både tænker og føler den ;-))
- 10:09:01 @gemmak500 just WONDERFUL! It's so beautiful outside, not too happy about heading to town, think I'll venture to Christiania!

- 11:06:39 @ecphaff it's the other way around, The Seven Samurais PREDATES The Magnificent Seven, but you probably know that
- 11:10:39 @anderscolding link til Iværksætteren?
- 11:14:25 @ecphaff The Magnificent Seven is very good, but it's missing the wonderful portrait of the humble (dare I say pathetic), villagers
- 11:18:32 @anderscolding ok, så får du ingen kommentarer fra mig så, med mindre den kan leveres til min Kindle ;-)
- 11:22:37 @anderscolding ja, det er sgu' svært at få lov at betale for online indhold
- 11:26:25 @anderscolding kan man fravælge papir udgaven? (kender godt svaret, men hvorfor ikke ;-)  
- kender også svaret på det ;-))

- 11:27:40 @ecphaff now I just HAVE to see the Seven Samurais again, sooner rather than later!
- 11:34:41 @ecphaff Yay, The Seven Samurais is online on "The Auteurs", but on a too slow connection right now <http://www.theauteurs.com/films/165>
- 11:35:53 @ecphaff nah, it's because they don't have the rights - it's SO difficult to get to pay for online content :-)
- 11:41:04 @tveskov ideen bag "En Ny Dag Truer" ("Groundhog Day") er vidunderlig, men filmen kunne have været meget bedre, selv om den nu er ret god
- 11:44:00 @tveskov (favorit scener: scoringen af servitricen, at han lærer at spille klaver som en virtuos, og så, naturligtvis, selv/murmelydmordet!)
- 11:47:57 Two years ago: <http://www.kimbach.org/2008/01/03/you-should-rather-buy-a-new-gadget/> - not much has changed, so what should I get? A life?

- 15:02:49 (actually Easy Crosswords for Kindle, Vol 1 (Kindle Edition) seems to be a "webapp", it requires the browser, quite interesting)
- 15:12:10 @thorborg (beep, beep, beep, beep - ingen svar på nummeret ;-)) ps. kom til "Kindle Salon" <http://doodle.com/yqgrdhpdrw8stddc>
- 15:28:56 @TheMrLehmann thanks for the mention, it seems to be a "webapp" not sure it'll work in Europe, will try it, and post my findings
- 15:30:21 FIT: Freie Internationale Tankstelle! I <3 it! <http://www.f-i-t.org/>
- 15:34:49 @iskedk aldrig, vi er totalt ukritiske

- 15:42:43 . @thorborg det er en idé @dortetoft fik sidste år - nu bliver det til noget. Du kan læse mere hos Bizzen her: <http://bit.ly/4z2gAS>
- 15:45:52 @rankenbergs du er ikke den første der kalder mig (senti)mental :-)
- 15:48:36 "Borg? That sounds swedish...No, they're definitely NOT swedish!" Will have to try if my EyeTV can handle DR HD - #FirstContact
- 15:53:35 @thorborg ser at du kommenterede på @dortetoft s indlæg sidste år - hun har jo haft travlt siden, nu skal der tages hul på debatten :-)
- 15:58:24 @twillumsgaard lavede en ret med lignende ingredienser tidligere på ugen, stegte med østershatte kogte op i mælk/yoghurt severede med pasta
- 16:00:12 @sexolog tak for tippet, lyder lækkert i ovnen, prøver det!
- 16:05:17 @rvisby mener du at købe en Kindle enhed eller at udgive en titel? En Kindle 2 koster \$259 + fragt og moms/told
- 16:07:19 @twillumsgaard ved ikke om det er noget for børn, men jeg synes det blev godt, stegte med chilli, hvidløg og ingefær
- 16:22:06 @rvisby vurderer at det ville være en god forretning, synes det er en skandale at INGEN danske aviser er på Kindle <http://bit.ly/7VeTp0>

- 16:23:33 @thorborg det bliver IRL, hvis det er det du mener. Formatet er ikke lagt fast, lige nu undersøger vi interessen for et sådan arrangement
- 16:25:21 @rvisby man kan jo spørge sig selv hvorfor Amazon ikke giver deres Kindle væk, det er bla. fordi de ikke ville kunne levere så mange!
- 16:26:16 @rvisby (vi er underlagt kapitalismens udbud og efterspørgsel. Danmark er jo mere "socialistisk", så her ville det være en reel mulighed)
- 16:28:10 @rvisby Kindle 2 er, i dag, god til aviser og bøger, du har ikke brug for farver til det efter min mening, teknologien udvikler sig...
- 16:29:37 @thorborg vi vil jo nok live-tweete, og det er fedt at du pusher e-bogen så hårdt, håber nogle lytter!
- 16:31:28 @rvisby ...sig meget hurtigt, jeg tror vi ser farveskærme med elnk teknologi udenfor laboratoriet snart, og der sker ting og sager på #CES
- 16:33:01 @rvisby det er faktisk PRÆCIS det Amazon har gjort! Danmark burde være i front her, vi har den rette størelse, og krise=innovation :-)
- 16:35:55 @rvisby Jep! En Kindle 2 har 1,5GB hukommelse, nok til 1.500 bøger, det nok til samtlige dine skolebøger fra folkeskole til universitet!
- 16:39:31 @rvisby men Amazon (vi) har ALLEREDE motorvejen, den er faktisk bare en "skovsti", den hedder Whispernet og er baseret på GSM
- 16:40:30 @rvisby trådløs distribution til Kindle er GRATIS! Ligeledes er adgang til Wikipedia, Amazon tjener KUN på salg af indhold, og hvis du...
- 16:40:52 @rvisby ...bruger Amazons Whispernet til dit EGET indhold (1\$/MB)
- 16:41:51 RT @swiftarrow9: #Funny: Best Summary of #cop15 yet:

- 16:47:37 @ninajansen rindalisme er opkaldt efter Fremskridtspartiets "kulturstormer" Peter Rindal  
<http://da.wikipedia.org/wiki/Rindalisme>
- 16:49:45 @ninajansen Peter Rindal ville, sikkert, have været ok glad for #xfactordk, men næppe at det er licensfinansieret
- 16:57:32 @rvisby vi skal gøre ALT for at beskytte vores sprog, vi kunne f.eks. "overgive" os til Amazon, og "tvinge" forlagene og aviserne på
- 17:01:36 @rvisby ikke i den model, du er nødt til at "udgive" gennem Amazon, have en ISBN eller lignende, men det er sikkert let at blive "forlag"
- 17:03:41 @rvisby det er SUPER spændende, og Amazon har gjort så meget rigtigt her, Kindle er iPod/iTunes til læsning
- 17:04:51 @rvisby twitter er dårlig til diskussion, men ideen er at lave et fysisk arrangement i februar, ser ud til at blive 3 eller 17 lige nu
- 17:25:07 @rvisby regner med at det bliver et åbent arrangement og i København, du kan indikere interesse i at deltage her: <http://bit.ly/4TH2ya>
- 17:29:59 @ninajansen "print" books never, really, existed, the works of an artist should be free once he/she dies. Until then, we pay up!
- 17:47:46 @hellaura LOL! You're right. BTW! did Rowland actually kill Harry Potter in the last book? (spoiler alert)
- 17:55:22 @iskedk den masse kritik har når dens kritik bliver, eller får mulighed for at blive, kritisk - eller rettere - signifikant!
- 18:03:04 @iskedk det var vist en fremskrivning, men man kan jo prøve at SKABE kritisk masse ;-)

- 18:05:06 @manondejongh (assuming that you need to bring your own skis)
- 18:38:42 Ikke dumt! Gulerødder, pastinak, bladselleri, løg, hvidløg, østershatte, gourmetsalt, lingonbærbalsamico, rødvin i fad og ovn. Tak @sexolog
- 18:55:49 @runehven når du spørger her, får du nok en henvisning til DR HD og Star Trek First Contact - som er en af seriens bedste
- 19:39:22 @Claus at dømmе efter kommentarene, er den knap så nedbrudt som fotografen åbenbart ville dokumentere, men fantastiske billeder!
- 19:52:39 Har tilføjet en beskrivelse til #Kindle salon "doodle" - håber folk bedre forstår meningen nu.  
<http://bit.ly/4TH2ya>
- 19:54:29 (der er, indtil videre, 8 der har indikeret interesse i at deltage i #Kindle salon, dagene 3-Feb og 17-Feb har begge 7 positive)
- 20:16:39 @ninajansen I kinda agree, we're lucky to live in a country where that is actually the case (libraries and public, taxfunded media)
- 20:18:59 @ninajansen but OFCOURSE "we" can sell it, I'd be HAPPY to pay for digital-content, unfortunately I rarely get the option :-)

- 20:33:11 @manondejongh no it's usually something funny you heard someone say in public, I'm afraid I often use it in a "that's what she said" manner
- 20:51:10 @iskedk det samme man får ud af så mange andre sociale medier..intet...

- 11:28:22 @jpenti tilmed er det ikke helt let at opsigte sit abonnement, og jeg vil VÆLDIG gerne købe en dansk avis: <http://cphcreatives.dk/url/2752/>
- 11:37:34 @jpenti koden er der, jeg har Information, gratis, på #Kindle via. RSS. Og god idé, synes nu bare de skulle lave et samarbejde med Amazon

- 12:17:02 @katrinekjeldsen jep, det er sådan mænd er når de er forkølede - utroligt at vi slipper afsted med det (eller gør vi?)
- 12:28:18 Lyder - IGEN IGEN - som en CV Jørgensen sang på denne søndag, denegang dog i et Johnson remix \o/
- 12:33:42 @jpenti for mig ville det være, har nemlig ingen FM radio når mobilen er løbet tør for strøm
- 18:52:14 @hammerfar nu igen? det har du da selv, jeg skrev noget til dig for flere år siden - det skal måske moderniseres?
- 18:57:08 @jesperdahl det er ualmindeligt lækkert! Tog-priserne i Norge er ikke helt så sjove, mener det var NOK 700 for Stavanger-Oslo for 5 år siden

- 19:11:55 @dortetoft flot Dorte, det resulterede i en del flere tilkendegivelser - jeg hjælper til med facilitering hvis du ønsker det
- 19:18:48 @manondejongh had a wonderful day, no luge, no skis but great weather - hope you had a good day too?
- 19:57:33 (er gået over til "status-symboler" - eller er et?)

- 20:50:02 @boab nej, desværre ikke
- 20:57:30 "The Seven Samurai" is an all-time classic, and one of my favorite movies. Updating my lists!

- 22:43:07 Grr! min DR2 streamen på dr.dk live player har kun støj på lyden, men jeg kan leve med at Bertel Haarder lyder sådan!
- 22:46:26 @manondejongh I SERIOUSLY considered going to Viborg, it's SO rare we have this weather, but Sødermarken was wonderful too, LOTS of people
- 23:05:04 @iskedk har ikke nået SÅ langt, men Jacob er en hyggelig fætter, der rent faktisk har en fysisk manifestation. #mixpack #artout

- 23:21:41 @iskedk det gjorde jeg også - er ikke så dum som jeg ser ud til ;-)
- 23:26:50 @BlogInTheBag Apple changed the world in 1976 and 1977 too (Apple I and Apple II), since then NeXT changed it (an iPhone is really a NeXT)
- 23:29:09 @BlogInTheBag so what is NeXT? Try looking here: [http://theappletree.dk/index.php?title=Mac\\_OS\\_historie](http://theappletree.dk/index.php?title=Mac_OS_historie) (in Danish)
- 23:32:55 DR2 genudsender Calling E.T nu! #seti #seden
- 23:34:27 @BlogInTheBag assume that you can read Danish, I sent you a link. In short. Mac OS X is based on NeXTSTEP. iPhone runs Mac OS X #fullcircle
- 23:35:37 @BlogInTheBag (and there's still "Cocoa" in iPhone, the prefix for the Cocoa APIs are...NS which is short for...NeXTSTEP ;-))
- 23:35:52 @BlogInTheBag (under the hood ;-))

- 23:38:44 @TobieDk du skifter tegnsæt på Windows...det er jo bare prikker når alt kommer til alt #nitpicking ;-)
- 23:39:27 @TobieDk min pointe er at begrebet "tegnset" er latterligt, og har sat menneskeheden tilbage i udvikling
- 23:41:20 @BlogInTheBag there's much more than you think, but Apple is indeed rewritng Mac OS X, the future is the Core\* APIs
- 23:41:54 @iskedk du er nu flottere!
- 23:42:55 @BlogInTheBag exactly (like Steve Jobs coming back ;-))

- 00:10:53 @LauraJul jeg gør i hvetfald :-)
- 00:12:00 I det mindste sluttede jeg af med at skrive,; mig: sov godt grlfrnd :-\* (det er et kys :-))
